

# COLORTEX

100% Acrylic coloured pavement coatings

Designed to bring new life and colour to pavement surfaces. Can be used on Asphalt or concrete. Colourtex provides a durable, environmentally friendly and long lasting finish that will enhance the overall appearance of any property. Fortified with select mineral aggregate to provide slip resistance and added traction to both pedestrian and vehicle traffic.

# Seal Coating by Asphalt Coatings

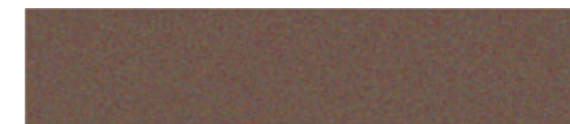

Refresh your existing asphalt

Add sparkle to your existing asphalt surface with Seal Coating. Once applied Seal Coating seals out the damaging effects of the elements. Extending the service life of asphalt while enhancing the appearance. Environmentally friendly with a long-lasting finish. Perfect for refreshing your existing asphalt.
